

2020-2021 STATE TRANSPORTATION BUDGET HOUSE BILL 62

The state transportation budget, House Bill 62, is a two-year funding plan that addresses Ohio's infrastructure and public safety needs. It is expected to generate an additional \$865 million more per year for road and bridge projects. Governor Mike DeWine signed the state transportation budget on April 3, 2019, and it will take effect in July.

Mid-Ohio Regional Planning Commission (MORPC) staff advocated for sustainable funding solutions to address the state's transportation funding crisis.

STATE TRANSPORTATION BUDGET ADVOCACY PRIORITIES:

Raising the Motor Fuel User Fee – MORPC staff advocated for Governor DeWine's proposed 18-cent increase to the motor fuel user fee and indexing it to keep up with inflation. The final version of the bill included a 10.5-cent increase for motor fuel and a 19-cent increase for diesel fuel. The increases were not indexed to inflation, but local governments will still receive a significant increase in funds.

Expansion of Permissive License Fees – Central Ohio communities have long advocated for local funding tools to advance critical road and bridge projects. MORPC had an amendment offered to the transportation budget that expands the permissive vehicle license fee cap by \$5 for municipalities and townships. This language was included in the final version and is a major victory for MORPC members.

Increased Funding for Transit – Ohio could no longer remain 41st in the nation for state assistance in funding transit, which is why MORPC supported the state increasing funding for transit. MORPC supported the allocation of \$100 million per fiscal year to public transit in the House-passed version of the bill. The final version of the bill includes \$70 million per fiscal year of general revenue funds.

Funds for Regional Transportation Planning Organizations (RTPOs) – MORPC supported an allocation of \$6 million for use by the state's six RTPOs. This investment would advance critical infrastructure programs throughout rural Ohio. No allocation was included in the final version.

Reasonable Fees on Electric Vehicles (EVs) & Hybrids – All users of roadways should participate in the cost of maintenance and repair, but not at the cost of disrupting efforts to adopt emerging technology. MORPC's position is that the final version of the bill had too high of fees – \$200 for EVs and \$100 for hybrids – and recommended a more reasonable \$150 fee for EVs and a \$50 fee for hybrids.

Franklin County Township Association – Permissive Motor Vehicle Registration Tax

How to Implement the Tax

- 1) Conduct two public hearings on the resolution levying the motor vehicle registration tax.
 - a. Notice of both hearings, including the date, time, and place, must be published in a newspaper of general circulation in the township once a week on the same day of the week for two consecutive weeks or as provided in R.C. section 7.16 (“abbreviated publication”). The second publication must be published no less than ten or more than thirty days prior to the first hearing.
 - b. The second hearing must be held between three and ten days after the first hearing.
- 2) Pass the resolution levying the motor vehicle.
 - a. The registration tax cannot become effective sooner than thirty days following adoption.
 - b. The resolution is subject to a referendum similar as to a proposed amendment to a zoning resolution provided in subsection (H) of R.C. section 519.12, not including the form of the petition.
 - c. If there is a referendum request, the resolution will not go into effect unless approved by a majority of voters.
- 3) The motor vehicle registration tax will continue until repealed.

General Information

- 1) It is an additional \$5 motor vehicle registration tax on those vehicles registered in the unincorporated area of the township.
- 2) Funds derived from the tax can be used for different costs associated with road maintenance including construction of roads, maintaining traffic signs and signals, and purchasing road machinery and equipment.
- 3) The resolution must be submitted to the Ohio Bureau of Motor Vehicles, Tax Distribution Section by July 1st to be effective the following year.
